rBST/rBGH-Free Cheese Collection

VALLEY VIEW FARMS™

rBST/rBGH-Free Cheese

The Blaser's Premium Cheese Company introduces our new line of rBST/rBGH-free domestic cheese. The Valley View Farms line of cheese is produced with milk procured from the Hastings Co-Operative Creamery Company; a farmer owned cooperative 90 years old and 140 farmers strong. These local farmers supply milk certified to be free of animal growth hormones.

The Valley View Farms cheese line offers today's consumer a delicious, healthy alternative in retail dairy departments. We combine the highest quality ingredients with our 60 years of cheese making experience to produce these delicious natural cheeses. Many shoppers choose to buy only those dairy products that are produced from milk free of growth hormones. Our Valley View Farms cheeses meet this need by offering a quality cheese, delicious flavors and an attractive package certain to stand out in any dairy case.

Valley View Farms rBGH/rBST-free cheese flavors include:

- Cheddar
- Smoked Cheddar
- Monterey Jack
- Jalapeño Jack
- Colby
- Chipotle Colby

Available in:

- 8 oz. exact weight
- 16 oz. exact weight
